**DEATH OF JOHN PLUMB.**

John Plumb, who has been in poor health for some time, died at his home, last Friday night. The funeral was held at the house, Monday afternoon. For several years Mr Plumb has kept a greenhouse in this vicinity. He was a man of high standing and will be missed by all who knew him. The deepest sympathy is felt for the bereaved family.

Deer have attracted some attention in the vicinity of late. One was seen recently in West Bantam and last week as Mrs. Elbert Richards and daughter were driving from Goshen to this place they saw three deer near Head Quarters. One with large antlers watched them so closely they feared he was about to attack the horse, but soon another deer appeared, a young one, appeared, and leaped over the fence quite near them. After looking at them a short time it turned and bounded gracefully back again, when a third deer came from behind the bushes, and all three quipped disappeared in the woods. On Friday noon six or eight Italians, with large baskets of bedding and twine, tent and poles, got off the train and started up the track toward L. C. Hitchcock's of their arrival. He went out immediately and found them. He ordered them off and the next day they started toward the west with their tent and baskets. People who do not wish their evergreen trees destroyed will need to be on the lookout for such lawless bands until after Christmas.

Frank Cables has returned to Bantam and moved into Robert Wheeler's rent.

William Mc Kay is seriously ill.

Mrs. Adella Kiborne is visiting friends about town.

Mrs. Anna Doyle and Miss Anna Doyle visited friends in Shelton, last week, and attended the football game in New Haven.

**FINALLY CURED BY DR. WILLIAMS' PINK PILLS.**

Wife of a Government Employee Makes a Statement of Interest to Every Nervous Sufferer.

Mrs. S. C. Wellock, of 114 Cleveland avenue, Everett, Mass., is the wife of an employe in the government works at Chelsea. Mr. Wellock is a veteran of the Civil War, having served in Co. C, First Massachusetts Infantry, and both are well known in their home town. This is important because Mrs. Wellock has been cured by a popular remedy of a disease until recently regarded as incurable and her statement will bear the most searching investigation. The permanency of her cure is best attested by the fact that she has felt no return of the symptoms for over a year. She says:

"I had been troubled with nervousness for the last 10 years and about two years ago had an attack of what was pronounced sciatic rheumatism. I noticed that the trouble kept growing on me and I began to take medicine for it. It was then I learned that I was suffering from locomotor ataxia. I had terrible tremblings in my right leg which would get right and when this happened in the street I had to stand still until it passed away to keep from falling. My right arm felt as if a thousand needles were pricking it. The sheets touching my knee in bed would nearly cause me to scream out with pain and both knees were so weak I could hardly stand."

"I had to use a cane and be helped about by my son. Then the pain began to settle in the calves of my legs and my muscles became numb and quivered constantly. The cords under my knees seemed to be drawn up tight and the terrible shooting pains in my legs would nearly drive me insane. My toes became numb and at times would prickle as if needles were being thrust into them. My eyes became dull and black spots floated before them. My heart was very weak. The doctor told me I had to be very careful or I would bring on a stroke and it might cause death. Besides the nervous trouble, I suffered from acute indigestion and inflammation of the stomach."

"My attention was called to Dr. Williams' Pink Pills by a pamphlet which was left at my house in which were given a number of cases of nervous diseases, including locomotor ataxia, cured by these pills. I bought several boxes right away and very soon felt relief. I kept on taking them until they cured me entirely, and I have had no symptoms of the trouble for over a year."

Nervous diseases may be traced directly to the blood for their cause. This is why Dr. Williams' Pink Pills have been so successful in nervous disorders such as dizziness, sick headache, nervousness, paralysis and locomotor ataxia. These diseases have been permanently cured by treatment through the blood when ordinary remedies have failed. Dr. Williams' Pink Pills build up the nervous system by making new blood and also cure effectively such blood diseases as rheumatism, after-effects of the grip and fevers, and anæmia.

A booklet, entitled "Nervous Disorders," will be sent free to any interested upon request.

Dr. Williams' Pink Pills are for sale by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

**OLD PAPER MILL TO BE STARTED UP.**

The George P. Schinzel Co., of 104 West 11th street, New York, have bought the old paper mill at Wells ville and are repairing the buildings. The dam is being rebuilt and new machinery is being installed. A capable superintendent has been engaged in the person of W. F. Simons, who is superintending the work of repair. Card board will be manufactured here. The Schinzel Co. has a factory and use a large amount of card board in their business, and probably will consume all they turn out at this plant. A force of carpenters are now employed at the mill. New pipes have been placed in the boiler, which has been thoroughly overhauled.

**WHY DO WE WORRY.**

(CHRISTIAN EVANGELIST.)

Why do we worry about the next? We only stay for a moment. Or a month or a year, at the Lord's behest. In this habit of clay.

Why do we worry about the road, With hills or deep ravines? In a dismal path or a heavy load. We are helped by hands unseen.

Why do we worry about the years, That our feet have not yet trod? Who long have not yet trod. Has fellowship with God.

The best will come in the great "To be." And the wonderful future we soon shall see. For death is but the gate.

**THE MAN OF CHEER.**

(FROM THE CHRISTIAN EVANGELIST.)

We love the man with a smile, The man with the roses on his tongue, The man who sees your bright day and mentions his bright day, who notices your shabby coat but praises your studiousness; the man whose eyes all the faults but whose tongue is quick to praise and slow to blame. We like to meet a man whose smile will light up dreariness, whose voice is full of music, whose hand is quick to shake in inspiration and his "God bless you" a benediction. He makes us forget our troubles as the raven's dismal croak is forgotten when the wood thrush or the brown thrasher sings. "God bless the man of cheer!"

There is plenty of trouble here but we need not increase it. There is a lot of dying done ahead of time. There are living men who have already crossed Jordan two or three times and unfortunately they are not of the type who "cross the river of Jordan happy in the Lord," but who sing, if they sing at all, dismally, drearily, dead-ly, bear it. Find the bright side of things—God's side—and help others to get things out of it also.
